PROCARE ATLAS™ COLLAR

Restricts cervical spine flexion, extension and rotation to promote patient recovery. A two-piece polyethylene design enhances patient comfort and is easily adjusted with Velcro™ tabs. Anterior and posterior flex tabs on the front and back panels provide improved rigidity and durability, while the large trachea opening allows easy carotid pulse monitoring and emergency tracheotomies. Uniquely contoured around the shoulder and mandible areas to increase stability and comfort. Removable, foam laminated pads wick away moisture to ensure proper patient hygiene and comfort while preventing skin irritation. X-ray, CT and MRI lucent. Latex free.

SHIPPERT DENVER SPLINT SERIES 1500 - ADHESIVE NASAL SPLINTS

The Series 1500 Adhesive Splint is a 7 - 10 day splint composed of a combination of soft aluminum and two-piece adhesive velcro. Because of three adhesive layers and ventilating velcro, this splint allows seven to ten days of adhesive stabilization and prevention of edema after nasal surgery. The moldable yet firm aluminum retains the nasal bones in position and either velcro or foam layers give cushioned pressure on subcutaneous tissue, reducing the edema. Features: Cost Effective, No Operating Room Mess, 1 Minute Application, Water Resistant & Very Adhesive.

- 10-1500-05KL 1500 Series Kit, Large, 69 x 43mm, Kit Includes: 1 Instruction Sheet, 1 Alcohol Wipe, 1 Skin Prep, Pre-Cut Protecto Nose Strips, 1 Center Pad to close dorsum dead space, 1 Denver Adhesive Nasal Splint, 5/bx
- 10-1500-05KM 1500 Series Kit, Mini, 50 x 20mm, Kit Includes: 1 Instruction Sheet, 1 Alcohol Wipe, 1 Skin Prep, Pre-Cut Protecto Nose Strips, 1 Center Pad to close dorsum dead space, 1 Denver Adhesive Nasal Splint, 5/bx
- 10-1500-05KP 1500 Series Kit, Petite, 58 x 30mm, Kit Includes: 1 Instruction Sheet, 1 Alcohol Wipe, 1 Skin Prep, Pre-Cut Protecto Nose Strips, 1 Center Pad to close dorsum dead space, 1 Denver Adhesive Nasal Splint, 5/bx
- 10-1500-05KS 1500 Series Kit, Small, 65 x 35mm, Kit Includes: 1 Instruction Sheet, 1 Alcohol Wipe, 1 Skin Prep, Pre-Cut Protecto Nose Strips, 1 Center Pad to close dorsum dead space, 1 Denver Adhesive Nasal Splint, 5/bx
- 10-1500-10NKL 1500 Series, Large, 69 x 43mm, 10/bx

- 10-1500-10NKP 1500 Series, Petite, 58 x 30mm, 10/bx
- 10-1500-10NKS 1500 Series, Small, 65 x 35mm, 10/bx

SHIPPERT DENVER SPLINT SERIES 1800 - ADHESIVE NASAL SPLINTS

The Series 1800 Adhesive Splint is a 4 - 7 day splint composed of a combination of soft aluminum and two-piece adhesive velfoam. Because of the highly porous velfoam, and two-piece construction, this splint allows four to seven days of adhesive stabilization and prevention of edema. The moldable yet firm aluminum retains the nasal bones in position and either velcro or foam layers give cushioned pressure on subcutaneous tissue, reducing the edema. Features: Cost Effective, No Operating Room Mess, 1 Minute Application, Water Resistant & Very Adhesive.

- 10-1800-05KL 1800 Series Kit, Large, 69 x 43mm, Kit Includes: 1 Instruction Sheet, 1 Alcohol Wipe, 1 Skin Prep, Pre-Cut Protecto Nose Strips, 1 Center Pad to close dorsum dead space, 1 Denver Adhesive Nasal Splint, 5/bx

HARTMANN-CONCO ALUMAFORM® FROG SPLINTS

Use to protect injury site without restricting movement in non-injured fingers. Lightweight, sturdy, foam-laminated aluminum splints that contour for appropriate immobilization. The foam cushions and protects during recovery and as swelling subsides. Allows x-rays to penetrate. Can be trimmed or formed to the therapeutically correct size. CAUTION: This product contains natural rubber latex which may cause allergic reactions.

PROCARE WRIST HAND THUMB ORTHOSIS

Designed to restrict motion of the wrist and thumb while holding the hand in a neutral position. Fabricated of specially formulated orthopedic grade thermoplastic and foam lined for comfortable, durable performance and long lasting reliability. Orthosis provides rigid cast-like immobilization of the wrist, hand, and thumb without obstructing the webspace between the thumb and forefinger. Splint may be trimmed by using cast scissors and formed using a heat gun. Each brace comes complete with two double-thick cotton stockinets.

PROCARE COMFORTFORM™ BOXER'S SPLINT

This off-the-shelf wrist brace eliminates the need for ulnar gutter casting or splinting. The malleable ulnar stay creates a dorsal block that maintains the 4th and 5th phalange at a 70° to 90° angle to keep fingers in full flexion following injury. Indications include Boxer's Fractures, flexor tendon and/or digital nerve damage to the 4th and 5th metacarpal phalange.

PROCARE WRIST/THUMB WRAP

Offers wrist support with thumb abduction. One size fits all, left or right.

- 79-82600 Wrist/Thumb Wrap

PROCARE WRIST BRACE

Similar to design to popular elastic style wrist brace. Fits sizes X-small to X-large.

- 79-82480 Right Wrist Brace
- 79-82481 Left Wrist Brace

PROCARE WRIST HAND ORTHOSIS

This lightweight orthosis is designed to comfortably restrict motion of the wrist and hand while holding the hand in a neutral position. Fabricated with a foam line orthopedic grade thermoplastic, which provides durable performance and long lasting reliability. A foam tongue provides additional padding for the styloid process. Splint may be trimmed by using cast scissors and formed using a heat gun. Each brace comes complete with two double-thick cotton stockinets.

- 79-97963 Right Hand, Small Wrist Hand Orthosis
- 79-97965 Right Hand, Medium Wrist Hand Orthosis
- 79-97967 Right Hand, Large Wrist Hand Orthosis
- 79-97973 Left Hand, Small Wrist Hand Orthosis
- 79-97975 Left Hand, Medium Wrist Hand Orthosis
- 79-97977 Left Hand, Large Wrist Hand Orthosis

PROCARE WRIST WRAP

DJ ORTHO "RETAIL" ELASTIC ELBOW SUPPORT

Provides mild support and compression for symptoms of tendonitis, arthritis and bursitis. Compression for ligament or muscle sprains and strains helps promote healing. Breathable elastic material for maximum comfort. Designed to maximize performance without binding. Fits either left or right arm. Wrist Circumference: XS = up to 5.5"; S = 5.5"-6.5"; M = 6.5"-7.5"; L = 7.5"-8.5"; XL = 8.5"+.

- 81-97213 Small Elastic Elbow Support
- 81-97215 Medium Elastic Elbow Support
- 81-97217 Large Elastic Elbow Support
- 81-97218 X-Large Elastic Elbow Support

DJ ORTHO "RETAIL" PERFORMER® ELBOW SUPPORT

Recommended for mild compressive support for weak or injured elbow, elbow sprains and strain, soft tissue elbow injuries and joint pain. Warmth and compression to ease discomfort and promote healing. Adjustable wrap-on design for secure and uniform fit. Neoprene construction retains body heat for warmth and comfort. Universal sizing to fit right or left elbow.

- 81-97030 Universal Size Elbow Support

79-87282

79-87302

PROCARE COMFORTFORM™ WRIST SUPPORT

Provides treatment of wrist pathologies, including sprains, strains and control of carpal tunnel syndrome symptoms. It will maintain the wrist in a neutral position during healing without impeding thumb rotation and MP joint range of motion. Constructed from a durable, lightweight fabric which is lycra lined for breathability and cotton stockinette for added comfort. The aluminum palmer stay supports the wrist firmly and may be shaped for proper angulation. Contact closure straps provide adjustability and ease of use.

- 79-87282 Right Wrist Support, X-Small, 5 1/2" - 6 1/2"
- 79-87283 Right Wrist Support, Small, 6 1/2" - 7 1/4"
- 79-87285 Right Wrist Support, Medium, 7 1/4" - 8"
- 79-87287 Right Wrist Support, Large, 8" - 9"
- 79-87288 Right Wrist Support, X-Large, 9" - 10"
- 79-87292 Left Wrist Support, X-Small, 5 1/2" - 6 1/2"

Accessories

- 79-94360 R.O.M. Hinge Only

PROCARE HUMERAL CUFF

Eliminates the need for serial casting. Provides support and stabilization of distal or mid-shaft humeral fractures and post-op healing of soft tissue in external fixation. It will stabilize the defect while permitting full range of motion at the shoulder and elbow. Constructed of lightweight, specially formulated high and low density polyethylene, it can be softened with heat and molded for a custom fit. The padded polyethylene is water resistant, washable, ventilated and radiolucent. The contact closure straps facilitate adjustments to individual patient requirements. Fits right or left and is sized by measuring the distal and proximal circumference of the arm. A knit sleeve is available for added warmth and compression.

- 79-99213 Small (Distal Cir. 7"-9"; Proximal Cir. 9"-11") Humeral Cuff
- 79-99215 Medium (Distal Cir. 9"-11"; Proximal Cir. 11"-13") Humeral Cuff
- 79-99217 Large (Distal Cir. 11"-13"; Proximal Cir. 13"-15") Humeral Cuff
- 79-99218 X-Large (Distal Cir. 13"-15"; Proximal Cir. 15"-17") Humeral Cuff

PROCARE HUMERAL FRACTURE BRACE

Pre-fabricated foam-lined orthosis designed for the management of mid-shaft and distal third humeral fractures. Provides total contact circumferential soft tissue compression for optimal control of humeral segments while allowing range-of-motion of both shoulder and elbow joints. This brace features a deltoid cap extension, which provides greater alignment control and prevents distal slippage. Neutral design fits right or left. Each brace comes complete with two double-thick cotton stockinets.

- 79-97953 Small Humeral Fracture Brace
- 79-97955 Medium Humeral Fracture Brace
- 79-97957 Large Humeral Fracture Brace
- 79-97958 X-Large Humeral Fracture Brace

PROCARE TIBIAL FRACTURE BRACE

Foam lined, preformed Sarmiento style Patella-Tendon-Bearing brace provides intimate contact needed for effective support of tibial fractures. A bilateral upright foot component to add medial lateral support as well as prevent distal slippage. Each brace comes complete with two double-thick stockinets. Measure length from superior border of patella to mid-level malleoli.

- 79-97693 Left Hand, Small Tibial Fracture Brace
- 79-97694 Left Hand, Medium/Long Tibial Fracture Brace
- 79-97695 Left Hand, Medium Tibial Fracture Brace
- 79-97696 Left Hand, Large/Long Tibial Fracture Brace
- 79-97697 Left Hand, Large Tibial Fracture Brace
- 79-97698 Left Hand, Large/Long Tibial Fracture Brace
- 79-97703 Right Hand, Small Tibial Fracture Brace
- 79-97704 Right Hand, Medium/Long Tibial Fracture Brace
- 79-97705 Right Hand, Medium Tibial Fracture Brace
- 79-97706 Right Hand, Large/Long Tibial Fracture Brace
- 79-97707 Right Hand, Large Tibial Fracture Brace

PROCARE ULNAR FRACTURE BRACE

Lightweight, foam-lined brace is designed for the management of mid-shaft and distal ulnar fractures. Circumferential soft tissue compression provides cast-like rigidity for optimal control of ulnar segments. Full range of wrist and elbow motion is permitted to help prevent atrophy, increase vascularity and encourage bone growth. Neutral design fits right or left. Each brace comes complete with two double-thick cotton stockinets.

- 79-97943 Small Ulnar Fracture Brace
- 79-97945 Medium Ulnar Fracture Brace
- 79-97947 Large Ulnar Fracture Brace

DM SYSTEMS CADLOW™ SHOULDER STABILIZER

For chronic subluxations and sporadic dislocations. The multi-sport, dynamic shoulder stabilizing brace, allows an athlete to fully function at his/her sport without fear of re-injury. By providing glenohumeral stability while maintaining an athlete's full range of motion (ROM), Cadlow protects by helping to prevent recurrent shoulder subluxations and dislocations without restricting movement. The protective pull system facilitates specific muscle contractions gradually throughout the full range of motion. As the athlete's strength increases, the resistance level of the stabilizer should be increased. Can be utilized for post-operative protection and strengthening. Easy to apply, after initial fit by a licensed health care professional. Available in small, medium, large and extra large. Includes compression shorts (black or white), harness and resistance tubing. In a recent product evaluation survey, 93% of user respondents stated the Cadlow Shoulder Stabilizer reduced the number of subluxations and dislocations.

SCOTT SPECIALTIES UNIVERSAL POSTURE & CLAVICLE SUPPORT

Soft cotton/flannel back panel and felt padded stockinette shoulder straps. Front buckle closure makes support universal and allows easy self application. Pliable metal stays are enclosed for added stability. Lightweight and discreet under clothing.

- 1582 Universal Clavicle Support, Up To 44"

SCOTT SPECIALTIES HEAVY-DUTY FELT/FOAM CLAVICLE

Soft, colored foam, topped with orthopedic felt and webbing for stability. Sewn in figure-eight design, closes with hook and loop. Triangle provides angular fit. Specify size (measure from center back, up over shoulder, around underneath arm and back to center of back): XS 15"-20", SM 18"-25", MD 22"-29", LG 25"-33".

- 1577 Clavicle Strap

PROCARE UNIVERSAL CLINIC SHOULDER IMMOBILIZER

Constructed of soft, comfortable white velfoam. Maintains shoulder, humerus, and elbow in proper position for treatment of traumatic or post-surgical immobilization. Adjustable wrist cuff, humeral cuff, and shoulder strap for proper control and fit. Fits right or left.

- 79-96671 Universal Shoulder Immobilizer

1560

1594

SCOTT SPECIALTIES CLAVICLE STRAP

Comfortable support with stockinette over orthopedic polyester felt. Sewn with zig-zag fashion for strength and flexibility under arm. Specify size (measure from center back, up over shoulder, around underneath arm, and back to center of back) Pediatric 10"-15"; Small 14"-20"; Medium 19"-28"; Large 24"-33"; X-Large 30"-39".

- 1560 Clavicle Strap, Adjusts In Back w/slide buckles
- 1594 Clavicle Strap, Closure In Back Using D-Ring & Pressure-Sensitive Hook & Loop

SCOTT SPECIALTIES ELASTIC SHOULDER IMMOBILIZER

6" wide elastic chest band with web straps. One humerus cuff, one forearm cuff with hook and loop closure. Female support is contoured in front for proper anatomical fit. Fits left or right arm. Specify size: (chest circumference) Small 24"-30"; Medium 30"-36"; Large 36"-42"; X-Large 42"-48".

- 2500 Shoulder Immobilizer, Specify Male or Female

SCOTT SPECIALTIES MAGNETIC SHOULDER/BACK

One size fits all. The ultimate lightweight back wrap is easy to wear under clothing during daily or sports activities. Pocket contains 8 removable magnets. Adjusts to fit area of discomfort. May also be wrapped to fit shoulder and neck area. Contains powerful 900+ gauss magnets. Uni-polar magnetic delivery for constant deep penetrating relief of discomfort and pain while at work or play. Each magnet is permanently affixed inside foam for proper polarity and to prevent choking hazard. Remove the magnets to launder the support. Latex free elastic supports are soft, breathable and compressive.

- M1005 Magnetic Shoulder/Back, Specify Beige or Black

SCOTT SPECIALTIES SHOULDER IMMOBILIZER WITH SHOULDER STRAP

Constructed of loop pile laminated to foam and soft flannel. 6" wide chest band with adjustable cuffs. Extra long humerous cuff closes around upper arm, then extends around to the back for a lock-tight fit. Wide shoulder strap adjusts with slide buckle. Elastic insert in chest band provides desired compression. Female model is contoured in front for proper fit. Fits left or right arm. Specify size (chest circumference): XS 20"-30", SM 24"-34", LG 32"-48".

2530 Shoulder Immobilizer, Specify Male or Female

PROCARE KNEERANGER® FRACTURE HINGES

A high-performance, low-cost alternative to traditional cast hinges. The ultimate in hinged motion control. Range of motion settings between 0°-120° flexion and 0°-70° extension in 7 1/2° increments.

79-94140 Universal Size Fracture Hinges

PROCARE KNEERANGER® II - DUAL AXIS HINGE

3/16" offset polycentric design provides stability and full range-of-motion control with convenient dial-in flexion/extension stops at 0°, 15°, 30°, 60° and 90°.

79-94400 KneeRanger® II Universal Size, Short
79-94410 KneeRanger® II Universal Size, Long

Please ask before ordering a product based on the pictured item.

PROCARE KNEERANGER II™ MOTION CONTROL POST-OP SPLINTS

Provides a single axis hinge range-of-motion with 0-120 degrees of flexion and 0-70 degrees of extension in 7 1/2°. Leg wraps with attachable hinge/struts assembly allow exact and easy hinge placement without special tools. Custom contouring of malleable struts provides exacting fit and comfort while providing needed lateral/medial stability. Locking contact closure straps offer uniform compressive support while maintaining hinge strut assembly in correct position. Easy one piece removal. Available in universal or sized.

PROCARE PATELLA SUPPORT STRAP

Vinyl/neoprene construction. One size fits all. Worn beneath patella.

79-80300 Patella Support Strap

PROCARE REDDIE BRACE KNEE BRACE

A wraparound hinged neoprene knee brace. Bilateral design to fit right or left leg. Wide contact closure to allow a greater fitting tolerance. Posterior straps allow for one-time size adjustment and proper positioning of hinges. Durable polycentric hinges provide medial/lateral support for the unstable knee. Strap tabs on tips of anterior straps for ease of application. Open popliteal to eliminate bunching during flexion of knee. Measurement taken at mid-patella.

- 79-82392 X-Small, 12"-13" Knee Brace
- 79-82393 Small, 13"-14" Knee Brace
- 79-82395 Medium, 14"-15" Knee Brace
- 79-82397 Large, 15"-17" Knee Brace
- 79-82398 X-Large, 17"-19" Knee Brace

PROCARE SURROUND™ AIR ANKLE

Air valve at proximal end of bladder allows for simple adjustment of air when desired. Filling tube included with each brace. Pre-inflated air bladders are designed to provide support and compression to swollen tissue and relieve pressure on bony prominences. Interior of air chamber is cushioned with soft foam. Injection molded shells with two full length bladders provide medial/lateral support to help minimize ankle rotation. Air bladders have a soft, plush exterior liner to help maximize patient comfort and prevent skin irritation. Fits easily into most shoes. Shells are connected with soft foam heel pad for easy adjustment.

- 79-81705 Right Trainer Ankle Support, 9"
- 79-81707 Right Regular Ankle Support, 10"
- 79-81715 Left Trainer Ankle Support, 9"
- 79-81717 Left Regular Ankle Support, 10"

PROCARE SURROUND® ANKLE WITH FLOAM™

Provides stability to the ankle by minimizing ankle rotation. Comprised of two polypropylene outer shells connected with soft, adjustable foot piece. A unique FLOAM™ bladder provides uniform compression and a customized fit. FLOAM™ has no memory, and therefore prohibits pressure from being displaced to bony prominences. Fits right or left foot.

- 79-81193 6" Small Surround® Ankle
- 79-81195 9" Athletic Surround® Ankle
- 79-81197 10" Regular Surround® Ankle

PROCARE SURROUND™ GEL™ ANKLE BRACE

Provides functional support to the ankle joint in both the post injury and prophylactic states. The brace as a state-of-the-art thermal component (gel) providing support and comfort to the injured ankle. In addition to the mechanical support of the brace itself, the gel can be frozen to offer cold therapy treatment.

- 79-97863 Small Ankle Brace, Height 8.5"
- 79-97865 Trainer Ankle Brace, Height 9"
- 79-97867 Regular Ankle Brace, Height 10"

PROCARE UNIVERSAL ANKLE BRACE

One size fits all, right or left. New one-piece design helps prevent inversion/eversion.

- 79-81330 Universal Ankle Brace

M-PACT SUMMIT™ ADJUSTABLE WALKER

Low profile design promotes normal gait. Three-way compression system. Telescopic medial lateral panels and posterior achilles pad provide custom fit, enhanced stability, support and comfort. Adjustable ankle joints allow up to 45° total range of motion or fixed settings in dorsiflexion, plantarflexion, and neutral positions. Rigid sole features a computer-aided design for natural walking gait and a slip-resistant tread for safety. Washable, tricot foam liner and a fully cushioned insole for patient comfort. Additional pads included to help contour to the ankle for better control. Easy step-in/step-out application saves time. Sizes: X-Small Men's 1-4, Women's 1-5; Small Men's 4-8, Women's 5 1/2 - 8 1/2; Medium Men's 8-9, Women's 8 1/2- 10 1/2; Large Men's 9-13, Women's 10 1/2 - up.

SWL-1 Large Adjustable Summit Walker
 SWM-1 Medium Adjustable Summit Walker
 SWS-1 Small Adjustable Summit Walker
 SWXS X-Small Adjustable Summit Walker

M-PACT SUMMIT™ FIXED WALKER

Same features as the adjustable walker but no provision for range of motion. Sizes: X-Small Men's 1-4, Women's 1-5; Small Men's 4-8, Women's 5 1/2 - 8 1/2; Medium Men's 8-9, Women's 8 1/2- 10 1/2; Large Men's 9-13, Women's 10 1/2 - up.

PROCARE PLANTAR FASCIITIS NIGHT SPLINT

For the treatment of plantar fasciitis, achilles tendonitis and other lower extremity overuse injuries. Allows for controlled application of a prolonged stretch on the plantar fascia and the achilles tendon which helps limit the contraction of the soft tissue along the sole of the foot, thus reducing pain and discomfort. Adjustable bilateral dorsiflexion straps. Cool, terry liner. Fits right or left foot. Lightweight, sturdy, one-piece flexible shell with ventilated calf area. Preset dorsiflexion of 5°. Adjustable heel and calf straps. Padded straps. Toe wedge provided if increased stretch is desired.

- 79-97753 Small Plantar Fasciitis Night Splint (Shoe Size: Men - Less Than 7; Women - Less Than 7 1/2)
- 79-97755 Medium Plantar Fasciitis Night Splint (Shoe Size: Men - 7 1/2 - 9 1/2; Women - 8 - 10)
- 79-97757 Large Plantar Fasciitis Night Splint (Shoe Size: Men - 10 - 12; Women - 10 1/2 - 12 1/2)
- 79-97758 X-Large Plantar Fasciitis Night Splint (Shoe Size: Men - 12+ plus; Women - 13 plus)

PROCARE POST-OP SHOES

Wooden platform rocker design. Low profile canvas upper with protective tongue. Laced closure.

- 79-90203 Male Post-Op Shoe, Small (Shoe Size 7-9)

SOUTHWEST ELASTO-GEL™ CAST & SPLINT PADS

Pressure sores and skin irritations often develop under casts and splints, leading to serious problems. By properly padding, most of these problems can be prevented. Produced from a specially formulated hydrogel, which contains a natural skin moisturizer/conditioner.

CS5500	4" x 4" Cast/Splint Pad, 5/bx
CS5600	6" x 8" Cast/Splint Pad, 5/bx
CS5700	12" x 12" Cast/Splint Pad, 5/bx
CS5800	8" x 16" Cast/Splint Pad, 5/bx

CMW02

CMW03

3M™ SYNTHETIC CAST PADDING

A non-woven polyester padding that is porous, highly conformable, and strong yet easy to tear. Suitable for use with all casting materials.

CMW02	Cast Padding, 2" x 4 yd, 20/bg, 4 bg/cs
CMW03	Cast Padding, 3" x 4 yd, 20/bg, 4 bg/cs
CMW04	Cast Padding, 4" x 4 yd, 20/bg, 4 bg/cs
CMW06	Cast Padding, 6" x 4 yd, 20/bg, 4 bg/cs

3M™ SCOTCHCAST™ WET OR DRY CAST PADDING

A hypoallergenic, synthetic cast padding that allows patients to get their cast wet, when following the instructions for use. Patients can shower, bathe, swim or use a whirlpool. Sheds water and feels comfortably dry to patient in approximately 1 to 3 hours.

WDP2	2" x 4 yd Wet Or Dry Cast Padding, 20 rl/bg, 4bg/cs
WDP3	3" x 4 yd Wet Or Dry Cast Padding, 20 rl/bg, 4bg/cs
WDP4	4" x 4 yd Wet Or Dry Cast Padding, 20 rl/bg, 4bg/cs
WDP6	6" x 4 yd Wet Or Dry Cast Padding, 20 rl/bg, 4bg/cs

1418

2059

KENDALL WEBRIL COTTON UNDERCAST PADDING

Constructed of 100% purified cotton fibers for soft and natural cushioning. Ideal for use with synthetic and plaster casting material. Retains consistency wet and dry. Conforms to all body contours. Combination of mild stretch and cohesiveness, holds padding in place without shifting or bunching.

1418	2" x 4 yds Undercast Padding, Cotton, Non-Sterile, 24/bg, 3 bg/cs
2059	3" x 4 yds Undercast Padding, Cotton, Non-Sterile, 12/bg, 6 bg/cs
2394	Webril Undercast Padding, Regular Finish, 3" x 4 yds, 50 rl/cs

2554	Webril Undercast Padding, Regular Finish, 6" x 4 yds, 24 rl/cs
3175	4" x 4 yds Undercast Padding, Cotton, Non-Sterile, 12/bg, 6 bg/cs
3489	Undercast Padding, Cotton, Non-Sterile, 6" x 4 yds, 6 rl/bg, 6 bg/cs

PROFEX FOAM SPLINT & CAST PADDING

Cool, self-ventilating foam padding conforms to body contours for shaping, but never packs down. Unrolls easily from dispensing box for cutting to desired length. Comes pre-wrapped with paper for cleanliness. 36"L x 21"W.

133A	1/4" Thick Foam Padding, 1/bx, 12 bx/cs
133B	1/2" Thick Foam Padding, 1/bx, 12 bx/cs
133C	3/4" Thick Foam Padding, 1/bx, 12 bx/cs
133D	1" Thick Foam Padding, 1/bx, 12 bx/cs

M-PACT CASTWEDGE™

Allows for exact adjustments to casted fractures without the inconvenience of replacing the original cast. Permits uri or bivalving the cast preventing extreme discomfort to the patient. Maintains a precise opening in the cast. Can be used with plaster or fiberglass casts. High-impact, non-porous, radiolucent, lightweight material that will not interfere with x-rays.

CW-1	Starter Cast Wedge Set (20 ea of 10mm, 15mm, 20mm, 25mm, 30mm), 100/bx
CW-10	10mm Cast Wedge, 20/bg
CW-15	15mm Cast Wedge, 20/bg
CW-20	20mm Cast Wedge, 20/bg
CW-25	25mm Cast Wedge, 20/bg
CW-30	30mm Cast Wedge, 20/bg

DM SYSTEMS CASTWEDGE™ CAST ADJUSTER

Accommodates swelling and aids in realignment. To prevent the discomfort of post-trauma swelling, CastWedge permits uni- or bi-valving the cast after the initial injury or surgery. Maintains a precise opening in the cast. For realignment, use to make exact adjustments to casted fractures without the inconvenience or cost of replacing the original cast. Made of high-impact, non-porous, radiolucent material that will not interfere with X-rays. Lightweight, inexpensive and available in 5 sizes - 10mm, 15mm, 20mm, 25mm and 30mm. Use with plaster or fiberglass casts. *Minimum order 2 Bags*

20831727009106	10mm Wedges, 20/bg
20831727009151	15mm Wedges, 20/bg
20831727009205	20mm Wedges, 20/bg
20831727009250	25mm Wedges, 20/bg
20831727009304	30mm Wedges, 20/bg
30831727009028	Starter Kit, Includes 20 each of the 5 sizes

M-PACT CAST THUMB RING

Provides a protective interface between the edges of a cast and the skin around the orbit of the thumb. Eliminates skin abrasion and irritation around the thumb orbit. Makes a cleaner and neater cast. Eliminates having to trim around thumb. Use with synthetic or plaster casting material. Latex free.

CTR-AST	Assortment Cast Thumb Ring (3 of each size), 12/bx
CTR-LG	Large Cast Thumb Ring, 12/bx
CTR-MED	Medium Cast Thumb Ring, 12/bx
CTR-PED	Pediatric Cast Thumb Ring, 12/bx
CTR-SM	Small Cast Thumb Ring, 12/bx

M-PACT DELUXE CASTING STAND

Makes applying casts easier and more comfortable for the patient by propping up the arm or leg. Upright can be raised or lowered to accommodate clinician and patient. Includes reusable plastic drip pan.

0200	Deluxe Cast Stand
------	-------------------

**M-PACT PLASTER VENDER CAST CART**

Combines mobile workstation with a casting materials storage cart. Folding stainless steel work surface provides ample area for preparing most casts and splints and contains compartments for storing table paper and tape. Upper portion of cart is divided for storage of other casting supplies. Large swivel casters allow easy mobility over uneven surfaces. Cart comes with one roll of polyfoamed table sheeting, six buckets and removable bucket bracket. 33" x 23" x 37". Minor assembly required.

**M-PACT OCL® FIBERGLASS CASTING TAPE**

Exceptional moldability that easily conforms to complex anatomies. Set time that is adjustable for you to control how quickly the product hardens. Easy unrolling saves you time and prevents tight casts. Superior lamination for increased cast strength and durability, yet lightweight and porous for patient comfort. Roll end lay down provides you with easier cast finishing. Smoother fabric enhances patient comfort and cast appearance. Low tack resin allows you to easily mold without the need for special gloves or towelette.

M-PACT OCL® POLYLITE™ SYNTHETIC SPLINTING SYSTEM

Polyester substrate is 100% fiberglass free with no sharp edges for enhanced patient comfort. Molds easily to the patient for a closer and more comfortable fit. The foam and flannel covering prevents splint from migrating, provides cushion, reduces moisture retention, dries quickly and ensures faster set times. Easy application; no need for pre-padding. Easy to cut and provides excellent x-ray radiolucency. Continuous roll configuration means less waste.

CP210	2" x 10" Single Splint, 5/bx
CP312	3" x 12" Single Splint, 5/bx

PL515	5" x 15 ft Synthetic Splinting System
PL615	6" x 15 ft Synthetic Splinting System

M-PACT OCL® POLYPROSPLINT™ SYNTHETIC SPLINTING SYSTEM

Eight layer, polyester knit substrate molds easily and is fiberglass free. Lightweight and strong; possesses the strength of fiberglass without sharp edges. Felt outer padding wicks moisture away from patient's skin and eliminates any need for pre-padding. Easy to cut and provides excellent x-ray radiolucency. Continuous foil protective pouch. Sealing clip ensures long shelf life even after the roll has been opened.

M-PACT WALKING HEELS

Made from specialized synthetic rubber for resiliency and long wear. Child and adult heels allow regular heel-toe walking. Cushion tread heel has deep tread design. Pedestal heel has curved surface and tread.

- 4183-130 Adult Walking Heels, 12/bx
- 4183-132 Child Walking Heels, 12/bx
- 4183-133 Pedestal Walking Heels, 12/bx
- 4183-135 Cushion Tread Walking Heels, 12/bx

PROCARE WALKING HEELS

Made of pure rubber that will not mar floors with textured bottoms to minimize slippage. Flexible platforms conform easily in order to incorporate into bottom of cast.

- 79-98543 Small Walking Heel, Double Pedal, 4"L x 1 1/4"W, 12/pk
- 79-98545 Medium Walking Heel, Single Pedal, 4 7/8"L x 2 1/8"W, 12/pk
- 79-98547 Large Walking Heel, Double Pedal, 5 1/2"L x 1 3/4"W, 12/pk

DM SYSTEMS CASTWALKER® CAST SOLE

Fixed cast protection designed for improved gait. Increased patient mobility and comfort are benefits of CastWalker Cast Sole, an innovative, effective option for use on walking casts. Allows for a more normal heel-toe motion so wearing a cast becomes less of an impediment to an active lifestyle. Applies easily to the bottom of a walking cast with fast drying adhesive (included). Universal design for use on either right or left foot. Available in Large, Medium or Small. Latex Free.

Minimum order 3 Kits and all sizes are interchangeable in the carton of 10

- 4183-163 Replacement Foam Filter Disc For 4183-160 Vacuum, 2/bx

M-PACT AMERICAN ORTHOPAEDIC™ CAST CUTTER

Heavy duty cast cutter can be used both in fabrication setting or in clinical use. The cast cutter combines speed, balance and quiet operation with durability. Balance of weight and power helps decrease user fatigue which often occurs during long term usage. Hexagonal drive shaft has been utilized to provide positive drive and prolong blade wear. When necessary, the blades may be changed quickly and easily. Solid, permanently lubricated bearings and durable switch provide smooth, maintenance-free operation. 115-V.

- 0295-200 Heavy Duty Cast Cutter

M-PACT TURBOCARE® CAST SAW

Designed to reduce noise to a minimum resulting in less emotional trauma for patients and less hearing trauma for clinician. Innovative motor plus saw design delivers high power in a smaller, lighter package. Automated multi-speed control with "turbo-mode" for increased power.

- TCCSS1 TurboCare® Cast Saw w/power supply

M-PACT CAST SAW CUTTING BLADES

Plaster blade is made from hardened stainless steel. Teflon® coated blades reduce friction to improve cutting performance in fiberglass. Dicronite® coated blades use a lubricant that improves cutting performance in plaster or fiberglass. Titanium Nitride blade uses a "gold" coating for cutting fiberglass or plaster. Two Section blades, one with pine drive and one with arbor fitting, made of hardened stainless steel for cutting cast windows or bone specimens. Universal hub allows blades to fit most cast cutters.

- 0295-219 Stainless Steel "Plus" Blade, 2" Diameter
- 0295-220 Stainless Steel "Plus" Blade, 2.5" Diameter
- 0295-222 Titanium Nitride Blade, 2.5" Diameter, Universal Hub
- 0295-225 Dicronite® Cast Butting Blade, 2" Diameter, Universal Hub
- 0295-226 Dicronite® Cast Butting Blade, 2.5" Diameter, Universal Hub
- 0295-275 Stainless Steel Sectioned Blades, 2.5" Diameter, Arbor Drive (Autopsy Blade)
- 4183-110 Stainless Steel Blade, 2" Diameter, Universal Hub, 6/bx
- 4183-112 Stainless Steel Blade, 2.5" Diameter, Universal Hub, 6/bx
- 4183-114 Teflon® Blade, 2" Diameter
- 4183-116 Teflon® Blade, 2.5" Diameter, Universal Hub
- 4183-145 Stainless Steel Sectioned Blades, 2.5" Diameter, Pin Drive (Autopsy Blade)

M-PACT UTILITY SCISSORS

For cloth, bandages, and light plaster. Autoclavable plastic finger rings. One blade serrated. Stainless steel resists corrosion and has excellent longevity when maintained properly.

- CS-75 7.5" Utility Scissors

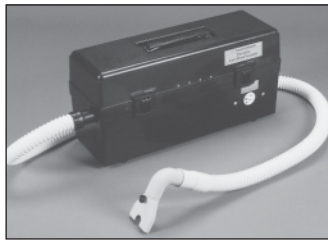

M-PACT SUPER CUT LISTER SCISSORS

Specially heat-treated stainless steel to achieve a long-lasting razor sharp edge. Superb control. Cut through multiple layers with precisions and ease. German stainless steel resists corrosion and has excellent longevity when maintained properly.

- CS-725 7.25" Lister Scissors
- CS-8 8" Lister Scissors

MILTEX ENGEL CAST SAW

- 27-3020 6" Cast Saw

M-PACT AMERICAN ORTHOPAEDIC™ PORTABLE CAST DUST VACUUM

Provides, power and quality. Convenient storage system provides a place for a cast spreader, scissors, replacement blades and the filter storage caps. Filter system collects cast dust in a unique disposable filter cartridge. No more messy bags. Replacement is quick, easy, and clean. Reliable, high speed, 1HP motor with permanently-lubricated and sealed bearing provides smooth, maintenance-free operation. System comes complete with a 6 foot heavy-duty hose, 6 hose/cord straps, mounting brackets, and instructions. Attaches to any M-PACT® cast cutter. Adaptors available for most competitive models. One-year limited warranty. 115 VAC/AC, 60 Hz, 5.0 amps.

0295-300 Portable Cast Dust Vacuum

Accessories

0295-175 Disposable Filter Cartridge

M-PACT AMERICAN ORTHOPAEDIC™ VACUUM

Quiet operation eases patient's fears through reduction of noise. Powerful enough to pick up fine particles. The disposable filter cartridge traps more dust particles without clogging and is easy and safe to replace. Remote on/off switch gives the ability to use the vacuum alone or with the saw. 115 VAC, 50-60 Hz, 4.8 amps.

0295-400 Mobile Vacuum, Vac 0295-400

M-PACT TURBOCARE® MOBILE VACUUM

Designed for more power and to reduce noise to a minimum means less emotional trauma for patients and less hearing trauma for cast room personal. The unique lift-out disposable waste canister prevents clogging and makes waste disposal quicker, easier, safer. The vacuum is equipped with a specially designed detachable hose for greater mobility in use.

TCCVS1 TurboCare® Vacuum

M-PACT CAST BREAKER

For breaking and trimming plaster or synthetic casts. Heat treated, German stainless steel resists corrosion and has excellent longevity when maintained properly.

CB-01 9.5" Cast Breaker

M-PACT LARGE HOSPITAL MODEL CAST SPREADER

For use with large or thick casts. Solid stainless steel resists corrosion and rough handling. Designed for two hand operation with optimum location of pivot user with superior leverage and control.

4183-126 Large Hospital Cast Spreader, 18.5"

M-PACT SMALL OFFICE MODEL CAST SPREADER

Made from hardened, polished stainless steel which resists corrosion and abrasive handling. Designed with spring loaded handle and integral blade depth stop feature for one hand use.

DM SYSTEMS ELBOWLIFT® SUSPENSION PAD

For prevention of elbow injury and discomfort. Protecting the sensitive olecranon and olecranon bursa from friction burns and contusions can be a challenge. Elbowlift Suspension Pad offers a latex-free, effective solution. Elbowlift cushions and elevates the elbow to minimize surface contact. Protects against olecranon bursitis, ulnar neuritis, pressure pain and ulcers and skin injury. Adjustable, cushioned hook-and-loop strap wraps around arm to keep pad in place. Smoother, non-friction backing for improved patient movement. Center hole allows for greater patient comfort and functions as a placement guide. *Minimum order 2 Pads*

10831727009017	Elbow Pad, 2/cs
10831727009031	Elbow Pad, 6/cs
10831727009055	Elbow Pad, 12/cs

DM SYSTEMS HEELIFT® SMOOTH SUSPENSION BOOT

For edematous legs and patients with hyper-sensitive skin. Made from a soft, firm medical grade foam with an interior that is completely smooth. The smooth foam minimizes the chance for irritation or pressure points. Gently cradles, cushions and elevates the lower leg, while suspending the heel in protective space. Promotes faster healing and heel pressure sore prevention. *Minimum order 6 Boots*

10831727009925	Suspension Boot, 2/cs
10831727009949	Suspension Boot, 6/cs
10831727009963	Suspension Boot, 12/cs
10831727009987	Suspension Boot, 24/cs

DM SYSTEMS HEELIFT® TRACTION BOOT

For stabilizing pre-surgical fractures. Provides an inventive method of applying skin traction to help stabilize femur fractures prior to surgery. With up to ten pounds straight skin traction for fracture pain relief, latex-free Heelift Traction Boot helps prevent heel and lateral malleolar ulcers and avert peroneal nerve pressure injury at the fibular head, as well as providing forefoot support to avoid heel cord contracture. Elevates the leg and controls foot drop and rotation during the pre-surgical period when the patient lacks the ability to control the leg. Once traction is no longer required, simply remove the side traction straps, traction bar and rope and the traction boot converts to a Heelift Smooth Suspension Boot. The smooth boot is ideal for eliminating heel pressure, thus minimizing the occurrence of heel pressure ulcers. Each Heelift® Traction Boot includes: Customizable foam boot with fixed elevation pad; Spare pad with adhesive backing to customize the boot for unusual problems; Velcro® side traction straps; Removable traction bar and rope. *Minimum order 6 Boots*

10831727009390	Traction Boot, 20/cs
10831727009420	Traction Boot, 2/cs
10831727009475	Traction Boot, 6/cs
10831727009482	Traction Boot, 12/cs

DM SYSTEMS ORIGINAL HEELIFT® SUSPENSION BOOT

For non-edematous legs and patients who prefer a cooler option. As the occurrence of heel pressure ulcers escalates due in part to an aging population and increased frequency of obesity-related diseases, the need for a cost-effective solution to pressure ulcers becomes imperative. Designed by orthopedic surgeons specifically for prevention and treatment of heel pressure ulcers, effectively eliminates heel pressure by suspending the heel in air, promoting pressure relief and faster healing. Made from soft, firm medical grade convoluted foam, which promotes increased air circulation for patient comfort. Ideal for patients who are immobile or post-operative or suffer from diabetes, cardiovascular disease or dietary deficiencies. Other indications for use include: foot drop, flaccid paralysis (non-spastic), pre and post operative hip fractures and skin grafts. Features: latex-free, friction-free tricort backing for improved patient mobility, extra pad to control hip rotation or foot drop or to provide added elevation, polyurethane stiffener to prevent buckling, one size fits all. *Minimum order 6 Boots*

10831727009918	Suspension Boot, 2/cs
10831727009932	Suspension Boot, 6/cs
10831727009956	Suspension Boot, 12/cs
10831727009970	Suspension Boot, 24/cs

OMRON PEDOMETER

A great tool to track your workouts with step and mileage counter. Track calories burned with calorie counter function. Monitor your time with AM/PM clock. Ideal for walking or jogging. Optimal comfort while walking or jogging with slim, lightweight design.

- HJ-105 Digital Pedometer (Consumer Packaging)
- HJ-112 Premium Pedometer w/7-day memory function and 1-year warranty

SECA 545 ERGONOMIC BIKE

This cycle ergometer acquires all that is important for exertion testing with every heartbeat. And this without being influenced by the patient's speed fluctuations. The push button calibration and the automatic function control ensure from the very beginning that everything works during the test. The starting level as well as the load and time steps are individually programmable and can be changed at any time during the exertion test. Can be connected directly to ECG units.

- 5459121964 Ergonomic Bike

DURO-MED QUIET FOOT SPA

Manufactured by Conair®, a leading manufacturer of health and beauty products for over 40 years. Eight spa settings easily adjust to the setting you desire, massage and heat, high massage and high massage with heat. Helps to stimulate circulation and revive tired feet. Temperature controlled heater heats and maintains temperature for a soothing foot bath. Wireless remote control allows you to program desired spa treatment with automatic shut-off. Accupressure nodes for stimulation invigorates tired aching feet with soft or deep massage. Dual jets creates whirlpool action.

- 542-3620-0000 Quiet Foot Spa

DURO-MED WHIRLPOOL POWER SPA™

Powerful pumping and recirculation action turns your bath into a whirlpool power spa. Exclusive directional nozzle, aims flow to tub bottom or surface. Pumps and recirculates approximately 42 gallons per minute. 1/4 HP motor. Lightweight. Easy to set in place on tub. Double insulated construction.

542-3664-0000 Whirlpool Power Spa

MAJOR LAB CHLORASTAT™ ANTIMICROBIAL CONTROL WHIRLPOOL ADDITIVE

Water soluble packets. Just toss into the water! Effective in controlling not only the bacterial contamination of hydrotherapy water but, as a result, lowered wound culture titus obtained from patients treated in hydrotherapy water containing Chlorostat™. No skin irritation, no packets to cut, pre-measured control, Hydro-Therapist friendly. A size for every hydrotherapy tank need. For use in burn units, physical therapy departments, hydrotherapy units, spas, etc. Also effective in controlling opportunistic pathogens (e.g. Pseudomonas aeruginosa).
