For All Your Compression, Retention & Protection Needs

SURGILAST® – Tubular Elastic Bandage Retainer is a stretch net made of nylon and rubber. It holds dressings in place gently without using tape and is particularly useful for hard-to-dress areas.

LATEX-FREE SURGILAST® – Tubular Elastic Bandage Retainer is designed to reduce latex sensitivity.

SURGITUBE® – Tubular Gauze fits like a sleeve over arms, legs, feet, hands, fingers, toes and heads. It forms a neat, fitted cotton bandage over primary dressings.

SURDIGRIP® – Tubular Elastic Support Bandage provides compression and support. Comfortably elastic, SurgiGrip is applied to control edema or simply to cover primary dressings. Available with and without latex.

FLEXOPLAST® – All elastic adhesive bandage that provides compression.

PRIMER® MODIFIED UNNA BOOT – For the ambulatory treatment of venous stasis leg ulcers.

PRIMER® UNNAPAK® – Contains a Primer® Modified Unna Boot with a cohesive self-adherent bandage.

PRIMER® FLEX – Elastic, stretchable, non-rigid unna boot for the ambulatory treatment of venous stasis leg ulcers.

HEEL & ELBOW PROTECTORS – Protect against decubitus ulcers and other skin damage common among bed or wheelchair bound patients.

GLEN-SLEEVE® – Protects fragile skin of long-term care residents against everyday scrapes, shearing and bumps.
